WHY WEJDAN

We built trust. The businesses followed.

We didn’t set out to build fifteen businesses. We set out to run one café the right way—and somewhere along the four decades since, that turned into something bigger than we ever planned.

What hasn’t changed is how we do it. Every business under our name—whether it’s the coffee you’re drinking, the suit you’re wearing, or the trip you’re about to take—carries the same standard the very first customer walked in for in 1984: treat people well, and everything else follows.

We’re not the biggest name in Dubai and Sharjah. We’re just the one that’s been here the longest, doing it the same honest way, one relationship at a time.

Kinetic Dubai. Soulful Sharjah. One shared story.
